

## Upcoming Event

Next MASWUG Meeting  
**Friday, April 25th 2008**

University of Wisconsin Madison  
Engineering Centers Building - 1550 Engineering Dr. (Corner of  
Breeze Terrace & University Ave., just north of Camp Randall  
Stadium) In the Tong Auditorium (room 1003)

**Several UW Students will be sharing with us some of their senior design projects (including a robotic design) in Solidworks. A tour of the new Engineering Facility, and information on career advancement/continuing education classes available will also be included.**

- **4:00-4:15 Arrive and Register.**
- **4:30-5:30 Presentations by students**
- **5:30-6:00 Tour of classrooms and facilities  
-by Paul Oliphant**
- **6:00-6:30 Pizza, soda, door prize drawings, and an overview of what courses and curriculums are available through the University for those interested in taking some classes to advance their careers or further their education will be presented by Paul also.**

**This is an excellent opportunity for our group and the University system (as well as the graduating Senior students) to share ideas, knowledge, experience, and tips, tricks, challenges, and opportunities! So come on out and meet, encourage, and enjoy these fresh new faces and their hard work.**

**See MASWUG.ORG for maps and more details.  
(Or if you have any questions call Dave at 608-661-5768)**
